REGISTER HERE!

August 4, 2021
8:00AM - 12:00PM

Cherry Research Farm in
Goldsboro

604 Farm Rd, Goldsboro,
NC 27530

The NC State University Organic Working Group will be holding the Organic Commodities Field Day on August 4th at Cherry Research Farm in Goldsboro, NC.

This half-day event will include research updates, equipment demonstrations, and information sessions pertinent to North Carolina's growing organic commodity sector. NC State specialists and graduate students will share updates on organic sweet potato, corn, sunflower, and more.

Registration will open at 7:30am. A boxed lunch will be provided after the event.

Cost: \$5
